A LASTING IMPRESSION

YOUR WEDDING AT HOPETOUN

## AN ICONIC LOCATION

Experience the magic of Hopetoun House from the moment you arrive until the final, romantic embrace.

Hopetoun is one of Scotland's finest stately homes. This magnificent house was purpose-built in 1699 to bring families and friends together in celebration and has been a family home for over 300 years. The Hope family still live in the house and invite you to enjoy their home for your special day, with the offer of exclusive use of the Stables and Ballroom.

## SAYING "I DO"

Upon arrival your guests are welcomed through the secluded courtyard, with our grand clock tower providing a striking backdrop for an unforgettable entrance.

From there you will step into the lovingly restored classic Stables, an idyllic setting to say "I do". Featuring a stunning long aisle, impressive lantern lights, original ironwork features and Georgian windows, it provides a distinctly romantic atmosphere for you to exchange vows with your choice of religious, civil or humanist service.

If you are planning a more intimate wedding, we can offer you a choice of locations that are ideal for smaller celebrations, each with their own character and style.

Minimum 80 guests / Maximum 200 guests
