

HOPETOUN

Hello adventurer! My name is Philip and I am Head Pheasant here at Hopetoun. You may see me scurrying about the grounds, but did you know there's also plenty of nature and wildlife to see inside the house?

Match the room symbols to the boxes and see if you can find all the hidden plants and animals of Hopetoun House...

WELCOME!

We like to roar and we like to growl,
can you find us on the prowl?;
if you find you're really stuck,
it might help to take a look up...

We're soft and squishy,
tasty and sweet,
put us on a plate
because we're yummy to eat!

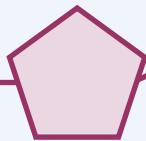

I like to hop and nibble,
opposite the clock,
find me before it chimes!
Tick, tock...

Many of my animal friends can be seen on the
murals on the staircase – how many can you
find? And can you find me at the top?

Above the fireplace we hang,
juicy and small,
once spotted we look good enough,
to eat straight off the wall!

On a rug filled with creatures,
we're in the middle,
look out for our thrashing tails
to help solve this riddle

Can you find the 2
mythological creatures in
this room?
Look closely at the
fireplace and tables...

I have a big bushy mane and an almighty roar,
but where could I be hiding behind this next door?
(Hint: look up to your right!)

Can you help find my feathered friends?
They're flying all over the ceiling!
How many can you count?
